

BeneCare™ Memory Ankle Brace

A lightweight, low profiled and ankle brace suitable for post-operative stabilisation, acute sports injuries and sprains and post cast support

The BeneCare Memory Foam padding allows a custom fit ankle brace with lightweight foam providing a cushioned environment. The result is low profile custom fit comfort and custom length fitting. Also incorporated are two soft adjustable straps with Y hook clips allowing custom length fitting and an adjustable distal heel strap to ensure extra support and comfort. The ankle brace is quick and easy to apply for both the clinician and patient.

Features & Benefits

- Two soft adjustable straps with loop
- Removable Y hook clips allowing custom length fitting
- Lightweight and durable
- Quick and easy application for the clinician and patient
- Adjustable distal heel strap

Indications For Use

- Post-operative stabilisation of the ankle
- Collateral ligament strains
