

The BeneCare™ Night Splint

This night splint is designed for effective treatment of plantar fasciitis, Achilles tendonitis and other lower extremity overuse injuries.

The BeneCare™ Night Splint is a lightweight and comfortable alternative to serial casting, for the treatment of plantar fasciitis, achilles tendonitis and other lower extremity overuse injuries. Constructed from a strong durable plastic, the BeneCare night splint encases the foot and ankle in lycra® lined padded rigid shell, which helps to ensure total immobilization while maintaining comfort across the extensor tendons.

Features & Benefits

- Adjustable flexion strap provides a gentle stretching of the plantar fascia and achilles tendon
- Patented 3-dimensional moulding creates superior comfort and fit with padding where you need it.
- Soft Lycra® lined foam interior is plush, washable and breathable to eliminate heat build-up.
- Lycra® lined foam padded straps maintain comfort across the flexor/tendons.
- User-friendly, centre-release buckles simplify application.
- Lightweight, low profile shell is durable and breathable
- Available with Slip-Resistant Tread.

Indications For Use

- Plantar Fasciosis.
- Achilles Tendinosis.
- Lower extremity overuse injuries.
- Prevention of drop foot.
